2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

A mentors work is very wide ranging particularly in college where a teacher is besides teacher she or he is friend, guide and to an extent have parental role. Students in higher education are involved in wide varieties of activities and most of the graduate class students take active part in extra-curricular activities. These activities are looked after by teacher or group of teachers. These Teachers act as their mentors and provide necessary support to students. Graduate students actively participate in fragmented activities like sports and games and cultural activities and for considerable duration they work under the guidance of teachers, these activities provide excellent opportunities to all concerned to closely interact. Thus a very effective system of mentoring is in

existence in the campus. For post-graduate students, mentoring system is more vibrant as their activities are restricted in departments only thus has ample opportunity to work and discuss issues with faculty members more frequently and at length. Students also interact with the faculties when they are in Long or short tours undertaken by the departments owing to full fill academic commitments. The mentoring system is very effective for entire under graduate first semester and a significant part of the post graduate students who are taking admission first time as they are new to college culture. Students from interior hilly region needed special attention as they come from remote region where development is yet to take place they do face language problems and adjustment problems in new social milieu, they were not only supported by the mentors but also by students representatives.

The choice based credit system (CBCS) for UG was introduced by the HNBGU from 2015-16 academic session. The college is affiliated to H N B Garhwal University Srinagar and it follows the same. The University Examinations are now held at the end of each semester and students are allowed to appear in the Semester end examination provided they have

This practice not only provides a communication between student and college administration but also the faculty become able to interact with the students personally. Teacher can motivate the students being mentor of the class and can guide them for further studies, career etc. • In the state of Uttarakhand, it is only Chinmaya Degree College where there is no general election of student union. Class representative and class prefects are elected in every section of the college. The elected CR CP then form the union inclusive of President, Vice President, Secretary, Treasurer and University representative.
