

7.2.1 Describe at least two institutional best practices:

- Mentor- Mentee relationship is maintained in the college. A faculty is deputed as mentor of a section of different courses. Student may convey their problems either directly to the mentor or through the class representatives. This practice not only provides a communication between student and college administration but also the faculty become able to interact with the students personally. Teacher can motivate the students being mentor of the class and can guide them for further studies, career etc.
- In the state of Uttarakhand, it is only Chinmaya Degree College where there is no general election of student union. Class representations and class prefects are elected in every section of the college. The elected CR& CP then form the union inclusive of President, Vice President, Secretary, Treasurer and University representative. Then, there is no indiscipline in our college during the formation of student union (council).
